About Kyrgyzstan

Kyrgyzstan, Officially known as the Kyrgyz Republic, is a Beautiful country in Central Asia, lying in the Tian Shan and Pamir mountain ranges. Because of Its Natural beauty, Landscapes, Mountain and lakes it is also called as '**Switzerland of Central Asia**'. Bishkek is the capital and largest city of the country. Kyrgyzstan is bordered by Kazakhstan to the north, Uzbekistan to the west, Tajikistan to the south, and China to the east and southeast.

Kyrgyzstan has been at the crossroads of several great civilizations as part of the Silk Road along with other commercial routes. **Kyrgyzstan is a member of the Commonwealth of Independent States (CIS), the Eurasian Economic Union, the Collective Security Treaty Organization, the Shanghai Cooperation Organisation, the Organisation of Islamic Cooperation, the Organization for Security and Cooperation in Europe, the Organisation of Turkic States, and the United Nations.** Issyk-Kul Lake, in the north-eastern region is the largest lake in Kyrgyzstan and the second largest mountain lake in the world. The climate varies regionally.

In bishkek Summers are hot with temperatures reaches 34 °C in July. During Winter temperature goes to sub- Zero for around 40 days and experience a Snowfall Mostly in January

Bishkek City

Bishkek, formerly (1862–1926) Pishpek, or **Bishkek**, and (1926–91) Frunze, city and **capital of Kyrgyzstan**. It lies in the Chu River valley near the Kyrgyz Mountains at an elevation of 2,500–3,000 feet (750–900 metres). **Bishkek is situated along the Alaarcha and Alamedin rivers and intersects in the north with the Bolshoy (Great) Chuysky Canal.**

Bishkek is probably the place where you'll start your journey in Kyrgyzstan. It's a modern and cosmopolitan city but still preserves the essence of the Kyrgyz culture and Soviet architecture. Although Bishkek is the capital of the country, it still feels somehow like a provincial town and it's really easy to get from one end of the city to the other. **KNU is just nearby the centre of the city Ala-Too square.** It was the perfect base to discover the country and visit more beautiful and interesting places in Kyrgyzstan. The vibrant and youthful atmosphere of the place is the reason why the city witnesses a massive tourist turnout every year. The pulsating nightlife of Kyrgyzstan's capital city is unparalleled.

WHY Study MBBS in Kyrgyzstan ?

There are several reasons why studying MBBS in Kyrgyzstan can be a good option:

AFFORDABLE TUITION FEES The cost of studying MBBS in Kyrgyzstan is relatively low compared to other countries like the USA, UK, or Australia. This makes it an attractive option for students who are looking for an affordable education.

HIGH-QUALITY EDUCATION The National Medical Commission (NMC) and the World Health Organization (WHO) both recognize the universities in Kyrgyzstan, indicating that the educational standards there are on par with those of other countries. The course is intended to provide students with a solid foundation in medical science.

ENGLISH-MEDIUM INSTRUCTION Most universities in Kyrgyzstan offer instruction in English, which is an advantage for international students who may not be fluent in Russian or Kyrgyz.

GOOD INFRASTRUCTURE Classrooms are well-equipped with the most up-to-date techniques and procedures to guarantee that students receive a thorough understanding of the subject matter. The infrastructure of the entire University is lovely and large. The types of equipment and tools utilised by students in the laboratory are the most recent.

CLINICAL EXPOSURE Students studying MBBS in Kyrgyzstan get ample clinical exposure by working in hospitals and medical clinics, which is an essential part of medical education. Overall, studying MBBS in Kyrgyzstan can be a good option for students who are looking for a high-quality education at an affordable cost.

RECTOR'S MESSAGE

Kyrgyz National University is located in the capital city of Bishkek. From almost a century of history. Our University has passed a glorious path of development and has a rich history of training highly qualified doctors successfully working in Kyrgyzstan and in the countries of near and far abroad. KNU was established on October 25, 1925, as the "Kyrgyz Institute of Education", but later it was changed to "Kyrgyz National University, named after Yusuf Balasaguni.

**Abdrahmanov Tolobek
Abhilovich**

THE DOOR is open for Asian countries as well, especially for the students from India, Nepal & Bangladesh. Student Life In KNU

Many People Believe That Student Life Is All Just Learning: Answers At Seminars, Taking Notes Of Lectures. This Is Far From The Case. Students Not Only Receive Higher Education, But Also Develop Numerous Talents In Themselves And In Others. Student Life Is The Most Beautiful Time. It Is The Student Years That Are The Most Interesting And Unforgettable. Student Life Brings A Lot Of Joy. At First, A Person Is Happy When He Learns That He Has Become A Student, Then New Acquaintances And Friends. From Session To Session, Students Live A Fun Life. Every Person Who Was A Student Can Remember Many Interesting Stories From Student Life, Because This Is The Most Interesting Time

INDIA KYRGYZ RELATIONS

Historically, India has had close contacts with Central Asia, especially countries which were part of the ancient Silk Route, including Kyrgyzstan. During the Soviet era, India and the Kirghiz Soviet Socialist Republic had limited political, economic and cultural contacts. **Former Prime Minister Rajiv Gandhi visited Bishkek and Issyk Kul Lake in 1985.** Since the independence of Kyrgyz Republic on 31 August 1991, India was among the first to establish diplomatic relations in 1992. The resident Mission of India was set up in 1994.

Prime Minister Narendra Modi visited Kyrgyzstan on 11-12 July 2015. The visit by an Indian Prime Minister took place after a gap of 20 years. PM Modi held meetings with the Kyrgyz President Almazbek Atambayev, Speaker Asylbek Jeenbekov and Prime Minister Temir Sariyev. **During his visit PM Modi laid a wreath at the Victory Square; gifted medical equipment to the Field Hospital of the Kyrgyz Armed Forces, visited the Kyrgyz India Mountain Bio Medical Research Centre, inaugurated Tele-medicine links between hospitals in Kyrgyzstan with super specialty hospitals in India and unveiled a Mahatma Gandhi statue.** An Agreement on Cooperation in the spheres of culture, was recently signed during the visit of PM Modi in July 2015 to replace the agreement on Culture, arts, education, science, mass-media and sports of 18 March 1992.

In general, there is appreciation of Indian culture. **About 20,000 Indian students are studying medicine in various medical institutions across the country.** A few businessmen are engaged in trade and services in Kyrgyzstan. A Lots of Indian food restaurants are also opened across Bishkek.

NATIONAL MEDICAL COMMISSION

NMC Approval

- The degree of KNU is equally recognised by National Medical Commission after screening test or NExT Exam
- THE THIRD SCHEDULE (See Section 13) Part-I recognised Medical Qualification granted by Medical Institutions not included in the first Schedule.

राष्ट्रीय
आयुर्विज्ञान
आयोग

World Health Organization

World Health Organization

WHO

KNU IN GLOBAL GLANCE:

KNU is listed in World Health Organisation and recognised globally as Kyrgyzstan's Only National University in Bishkek Worldwide.

FAIMER

KNU is Listed in FAIMER:

Foundation for Advancement of International Medical Education and Research. The students studying at KNU can avail the benefits of student exchange program of USA or transfer themselves to any US medical college after evaluating their current credentials at any authorised evaluator organisation like world education Services.

INTERNATIONAL MEDICAL EDUCATION DIRECTORY (IMED)

The International Medical education Directory (IMED) is free web-based resource for accurate and up-to-date information about international medical schools that are recognized by the appropriate government agency in the countries where they are located. [Http://imed.faimer.org](http://imed.faimer.org)

UNITED NATION EDUCATIONAL, SCIENTIFIC AND CULTURAL ACTIVITIES.

As part of our goal to build information resources on medical education worldwide, FAIMER is developing a directory of international organization that recognize, authorize or certify medical schools and/or medical education programs. These organization are often responsible for the establishment of national standards for medical education and the recognition of medical schools in their countries

INTERNATIONAL OPPORTUNITIES IN MEDICAL EDUCATION

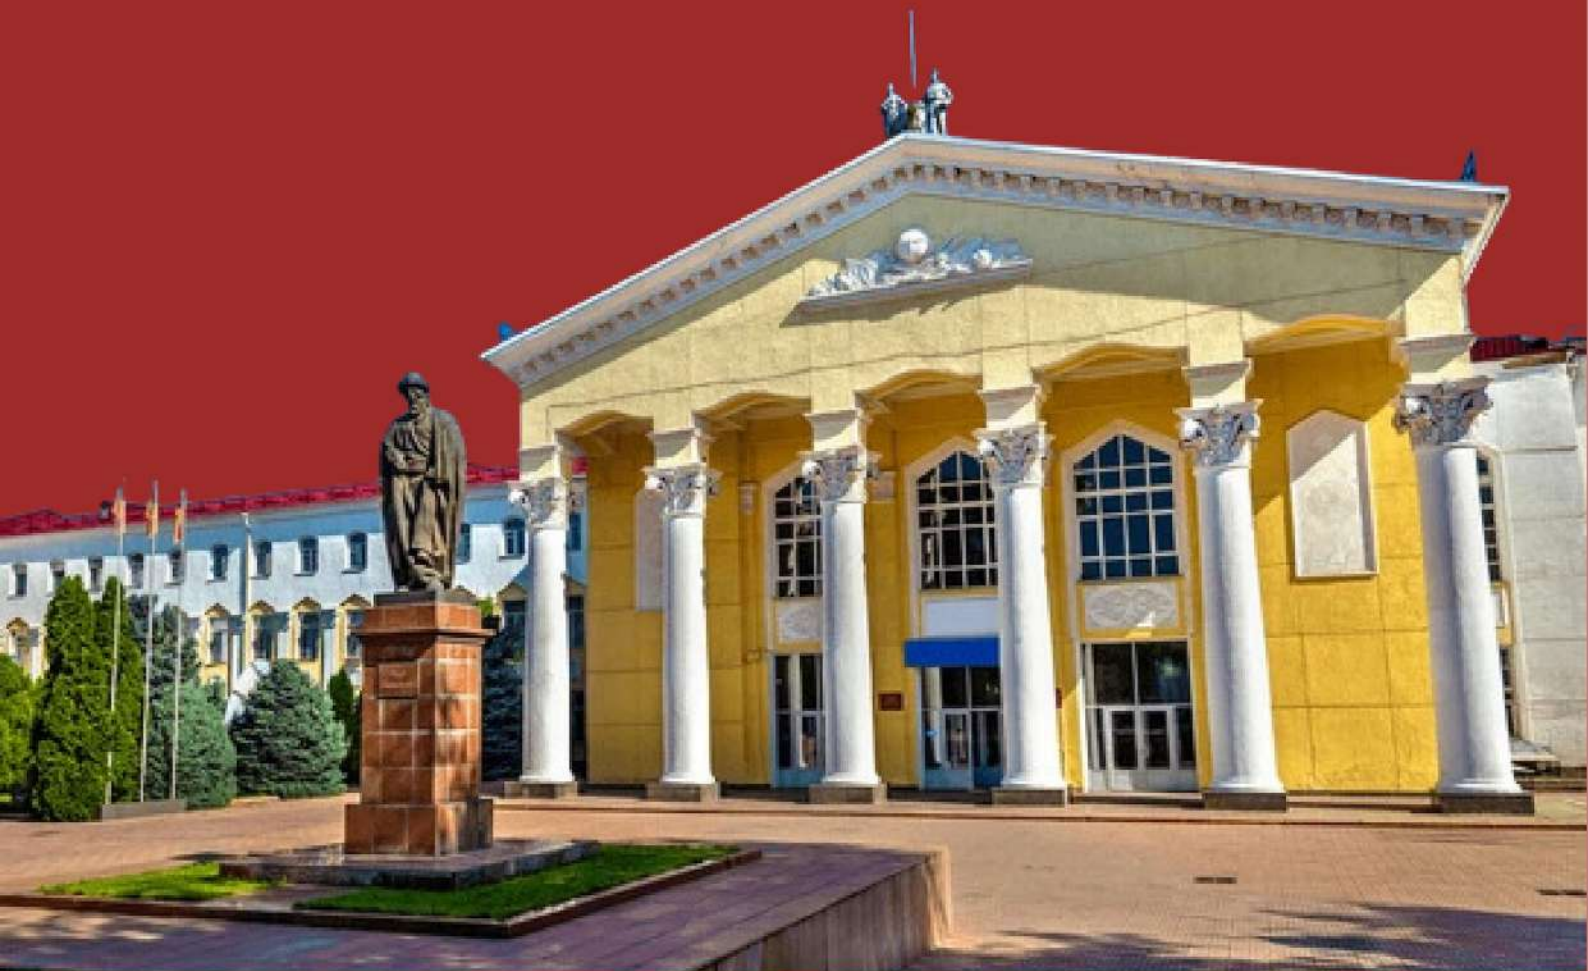

As medical student and faculty interest in cross-cultural education and global health increases, it is important to have better understanding of the variety and scope of available international education opportunities. FAIMER and the Association of American Medical College (AAMC) have joined together to collect information about the international activities of U.S. allopathic medical schools and to make that information available to the public.
